

NOTES:

1. U.S. Foundry No. 117 Ring and BL Cover, or equal, if approved by City of Clearwater Engineer.
2. Private manhole covers must not say "Clearwater" on them.
3. Ring must be centered on opening.
4. Install 18 gauge 304 stainless steel manhole storm water inflow abatement insert (dish/pan).
5. See also City of Clearwater's Technical Specification Section IV.
