CONTRACTOR'S RESPONSIBILITY

Erosion and Sedimentation controls are performance based criteria. If the BMPs provided do not prevent soils from leaving a construction site, then the Contractor is required to employ additional procedures to provide clean runoff from a site.

NOTES:

1. The entrance shall be maintained in a condition that will prevent tracking or flowing of sediment onto Public Right-of-Way. This may require top dressing, repair and/or cleaning of any measures used to trap sediment.
2. When necessary, wheels shall be cleaned prior to entrance onto Public Right-of-Way.
3. When washing is required, it shall be done on an area stabilized with crushed stone that drains into an approved sediment trap or sediment basin.
