

Welcome

Welcome to the Clearwater East-West Trail. The Clearwater East-West Trail is a National Recreation Trail which connects Clearwater Beach to Tampa Bay.

Many opportunities exist along the trail for nature walks, commuting, photography, cycling, jogging, walking, fishing, or just plain relaxing. The trail connects many of our local destinations and provides a regional connection to the Pinellas Trail and the Progress Energy Trail.

The trail is open during daylight hours for use by non-motorized users such as walkers, joggers, runners, skaters and cyclists.
